

Standard Features

The Curio table is available in maple and walnut with options for 1/2" thick starfire glass or COL leather insert. Leather inserts have a saddle stitch pattern radiating from the center to each leg. Semi-aniline leather and leather alternatives are recommended and are available from Bernhardt Textiles. COL requirements are shown below. Please follow manufacturer's recommended cleaning instructions for leather products.

Solid surface materials or stone may be used as an insert. However, these materials are considered COM and must be purchased separately thru a local supplier and field installed. COM inserts should be a minimum of 1/2" thick and a maximum of 3/4" thick. The use of a stone insert is not recommended on the 42" Curio table due to the weight of the material.

The Curio table is shipped assembled. When the glass or leather insert option is specified, the table and top are packed separately in the same carton.

Finish Selection

When specifying light finishes such as 836, 837, 840, or 850, the color and characteristic variances of the solid wood are apparent. Therefore, exact color matches are not possible.
